Welcome to the Dutch Endurance Festival 2018

We are very happy to welcome you all to the 1st edition of the Dutch Endurance Festival in Ermelo.

Of course Ermelo is a well known race for many years but with a new organizing committee we make a fresh start.

Many thanks to all who helped to make this event happen:

KNHS Ermelo
Gemeente Ermelo
Gemeente Nunspeet
Staatsbosbeheer
Natuurmonumenten
Geldersch Landschap
Private owners

And of course our superb crew of volunteers!

And last but not least Mr. Emile Docquier as Co-organizer and personal Technical Advisor
We have an outstanding group of FEI-officials brought together for you.

Marking of the Route

We marked the track's in colour with plastic arrows and colored tape, the arrows are used when you need to go left or right and the tape is used to confirm that you are on the right path.

We will check the track before the start but it can always happen that some joker will take away some markers.

The marking will always be on your righthand side!

Vetgate 40 minutes, 50 minutes for compulsory recheck

Crewing

Please be careful with crewing, and park your car always in a way that you do not hinder the normal traffic or other grooms.

Do not park your car on the track!

Some of the Crewing Points are also road-crossings, please do not try to stop traffic but let the horses stop before crossing. **SAFETY FIRST**

These crossings are on smaller roads and there won't be traffic guidance.

On the big road-crossings there will be traffic guidance and will traffic be stopped when you want to cross.

ALWAYS listen to the people who will stop the traffic for you, they will tell you when it is safe to cross.

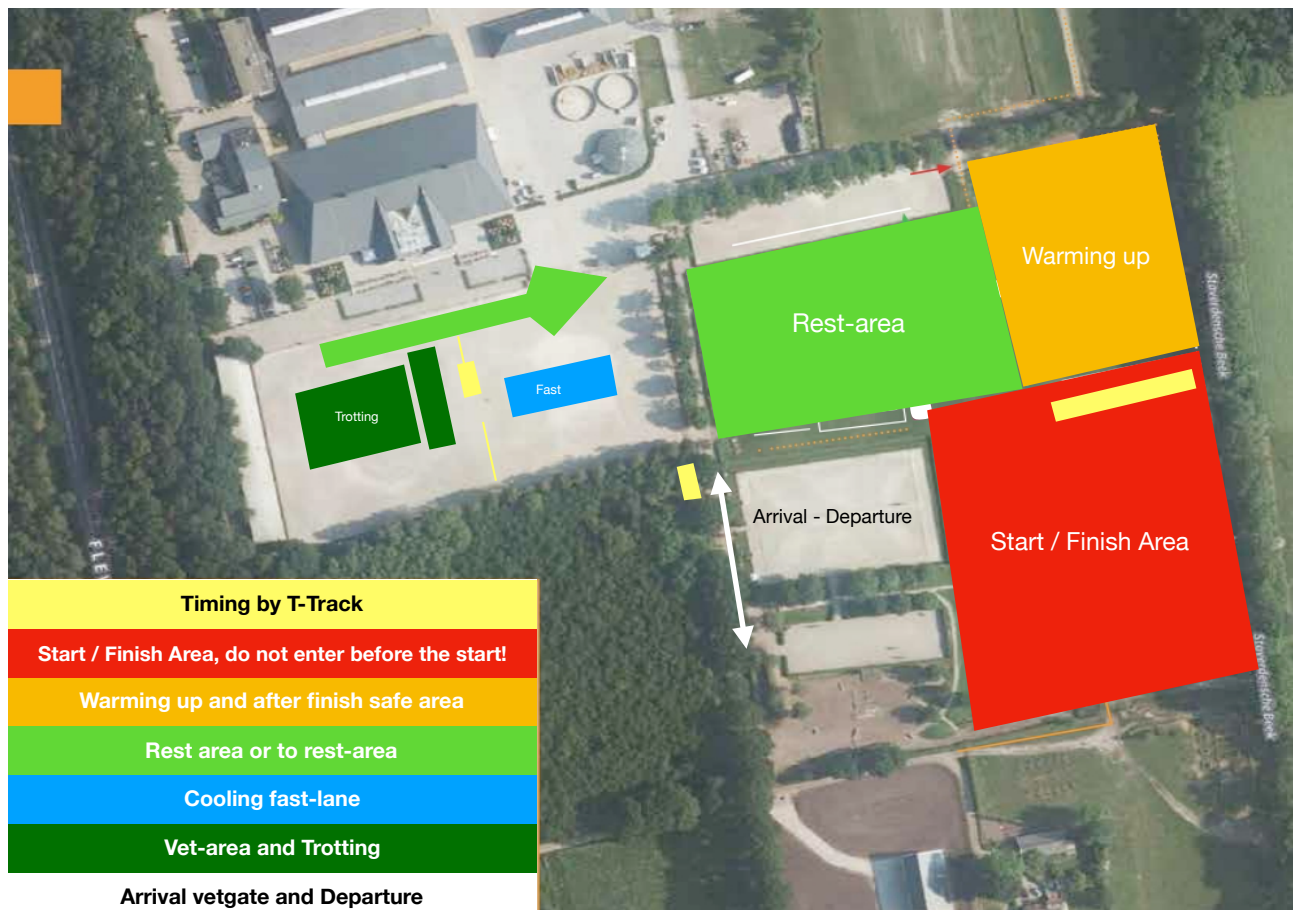

You can only crew on designated CrewingPoints

When you go back to the venue for the vetgate also park your car in a normal way, you can only park on the parking on the grass!
You cannot park around the stable's!

In the cooling Area there will be a fast-lane, you cannot place anything in this lane!

You may not bring any hay or straw into the cooling Area, it is only for cooling if you want your horse to pee first and he/she doesn't want to do that on a harder surface, you first should go to your rest-area before entering the cooling-area

Clean up after yourself, please take all your belongings with you after the race, this includes hay and straw, menure etc. Do not leave this for us, we really have done enough before the race and don't want to clean up after the race because we will be tired to!

If you cannot find anything please ask a steward or an official, they will help you.

Paddocks

You can only make a paddock for your horse in the designated area's! So not on the parking and not on the camping area's

We will organize a dinner-buffet for you on Thursday, Friday and Saturday evening, please help us and pre-book for this!
It will be a great opportunity to enjoy a meal together with Endurancefriends and to get to know each other in a friendly environment.

Award Ceremonies

On Friday there will be an award ceremony for that day in the evening

We are very happy to announce that the (new) Dutch Champion sr. will be honored by the Managing Director of our National Federation KNHS
